HAMBURG PORT AUTHORITY

PORT IS WHAT WE DO

LNG-ready – the Port of Hamburg

Linda Hastedt
Hamburg Port Authority, Transport & Environmental Strategy  

February 07th 2019
Agenda

01 The Port of Hamburg

02 Challenges with LNG

03 LNG infrastructure
The Port of Hamburg
The Port of Hamburg
The Port of Hamburg
Challenges with LNG
Challenges with LNG

- Tidal restrictions
- Not primarily port for bunkering
- Lack of demand
- Process of approval
- Safety aspect due to close location to the city of Hamburg
03

LNG infrastructure
Current LNG infrastructure

- LNG Hybrid barge „Hummel“
- LNG Truck fuelling

- Approval for a small-scale terminal granted
- Advantages for port fees
Future LNG infrastructure

- LNG PowerPac
- LNG truck fuelling station

- LNG bunkering TtS & StS
  from summer 2019 onwards possible
Thank you!
